

featuring our premier sponsor:

BECOME A BUSINESS SPONSOR OF THE CASCADIA WILDLANDS WONDERLAND AUCTION!

The Wonderland Auction is Cascadia Wildlands' largest annual fundraiser, bringing together 350 community members to celebrate the region's breathtaking wildlands, raging rivers, and unique species. As a prominent business with values that align with ours, **we invite YOU to be part of this special event!**

The evening will feature a **gourmet dinner, local libations, live and silent auctions, live music, a conservation update** from Cascadia Wildlands staff, and plenty of **holiday cheer**. Additionally, we are so excited to announce that our keynote speaker this year will be the inspiring **Amy Bowers Cordalis** - Yurok attorney, fisherwoman, mother and author of *The Water Remembers: My Indigenous Family's Fight to Save a River and a Way of Life*. Thanks to the generous support of our community, every sponsorship and dollar raised directly supports Cascadia Wildlands' efforts to protect and restore our incredible bioregion—Cascadia.

By sponsoring the Wonderland Auction, you'll help us strengthen the movement and secure critical conservation victories across the Pacific Northwest. Sponsors receive extensive publicity, cause affiliation benefits, and tickets to the event (see sponsor levels and benefits below). This is also a fantastic way to celebrate with employees, clients, family, and friends by including them in the Wonderland Auction festivities! Your partnership with Cascadia Wildlands makes our success possible.

Since 1998, Cascadia Wildlands has worked to defend and restore Cascadia's wild ecosystems in the forests, in the courts, and in the streets. **We envision vast old-growth forests, rivers full of wild salmon, wolves howling in the backcountry, a stable climate, and vibrant communities sustained by the unique landscapes of the Cascadia Bioregion.** Through grassroots organizing, education, policy advocacy, and

litigation, we strive to recover imperiled species like gray wolves and wild salmon, protect threatened old-growth forests, combat reckless fossil fuel development, and so much more.
